CLEARINGHOUSE

Papers can be submitted directly to the British Journal of Occupational Therapy as outlined in the Call for Papers. However we can also offer assistance to people interested in submitting a manuscript. In order to provide this, we would need to receive papers in advance to ensure timely submission to BJOT. For more information about this, please contact us at moho_c@yahoo.com"

In the last two years we have had successful special issues of OT in Health Care and OT in Mental Health focused on MOHO and, thus, we look forward to another special issue.

Also, we would like to note that we are holding the First International Institute on the MOHO at UIC in Chicago this January 14 and 15. An announcement of the institute will soon be posted on the MOHO website. We will have speakers from Europe and the US and a very exciting program. I hope to see some of you there! The institute is funded through the MOHO clearinghouse and is being offered in collaboration with the American Occupational Therapy Foundation. Dr. Charles Christiansen, who directs the foundation, will be a commentator and facilitator during the two days of the institute.

Thank you and we look forward to hearing from you.

Sincerely,

MOHO Clearinghouse
